Rusty –

Here are the briefing papers from last year that were prepared, but were not used as the Congressman cancelled his planned visit on April 6, 2015 last year due to illness. Please update any of these briefing papers for this year's June 2<sup>nd</sup> visit. Hoping to get all submittals by COB Monday, May 30<sup>th</sup>. Thanks.

I have the Nevada Superfund Overview and not sure if it needs any updating or not, but please check and if it is fine to use for this year's meeting, I can include in the folder I am preparing for Alexis.

Hi Brent:

Attached are the briefing papers for Carson River, Anaconda, and Rio Tinto Superfund sites. I'll get you the final one-page overview of Superfund activities in Nevada on Monday once I've been able to do one last update. Let me know if you have any questions.

Rusty
